What is SkyTech Billing?

SkyTech Billing is a complete, offline Windows application for **GST billing and inventory**, built for distributors and suppliers (for example, selling to schools & colleges). All your data is stored securely on your own computer — no internet is needed for daily use.

What it does

- **Billing:** GST tax invoices, proforma, delivery challans, orders, credit/debit notes — A4 PDF, 80mm thermal, WhatsApp share, e-Invoice & e-Way JSON.
- **Inventory:** live stock & valuation, low-stock alerts, batch & expiry, stock adjustments.
- **Purchases:** purchase orders → GRN (stock-in) → returns; vendor bills & payments.
- **Parties:** clients & vendors with GSTIN validation, credit terms, live balances and statements.
- **Money:** receipts & payments with bill allocation; overdue payment reminders.
- **Reports:** dashboard, receivables aging, Profit & Loss, GSTR-1 / 3B / HSN summaries.
- **Security:** role-based users, audit log, password recovery, 14-day trial + machine-locked licence, backups.

This manual shows every screen with simple step-by-step instructions, so you can set up and run the software end-to-end on your own.

-------------------------------	----

Install & create your account

After installing and opening **SkyTech Billing** for the first time, you create the owner account. This account controls your whole business.

Welcome to SkyTech Billing

Billing that reaches new heights — create your owner account to get started. It has full control of your business data.

Full name

Username

Email (optional)

Password **Confirm**

[Advanced setup](#)

[Create account & continue](#)

How to:

1. Double-click **SkyTech-Billing-Setup.exe**. If Windows shows a blue "Windows protected your PC" notice, click **More info** → **Run anyway** (this appears for new software and is safe).
2. Choose where to install and finish the wizard — a desktop & Start-menu shortcut is created.
3. On first launch, enter your **Full name**, a **Username** and a **Password** (min 8 characters), then click **Create account & continue**.
4. You will be shown a one-time **Recovery code** — write it down and keep it safe. It is the only way to reset your password if you forget it.

Signing in

On every later launch you sign in with your username and password.

 SkyTech Billing

Billing that reaches new heights

GST invoicing, stock control, purchase & sales, payments and reports — all offline, all on your machine, all yours.

© 2026 SkyTech

Sign in

Enter your credentials to continue.

Free trial - 6 day(s) left

Username

Password

Sign in

[Forgot password?](#)

How to:

1. Type your **Username** and **Password** and click **Sign in**.
2. Forgot your password? Click **Forgot password?**, enter your username and your saved recovery code, and set a new password.
3. For security, the account locks for 15 minutes after 5 wrong attempts. The trial / licensed status is shown on this screen.

Finding your way around

After signing in you land on the Dashboard. The left sidebar is your main menu, grouped into Overview, Masters, Operations, Insights and Administration.

How to:

- 1. **Top KPIs** show sales this month, receivables, low-stock items and unpaid invoices.
- 2. The **6-month sales chart**, recent invoices and low-stock list give a quick health-check.
- 3. Top-right: switch **light/dark theme**, and open your **profile menu** (change password, recovery code, sign out). The bottom of the sidebar shows your trial/licence badge.

Step 1 — Your company & logo

Set this up once. Your company identity prints on every invoice.

Purchases

Purchase orders, goods received (stock in) and returns.

Goods Received (GRN)
Purchase Orders
Returns (Debit Note)

dd-mm-yyyy
–
dd-mm-yyyy

NUMBER	DATE	PARTY	TOTAL	PAYMENT				
GRN/2026-27/0001	11 Jun 2026	National Paper Mills	₹65,750.00	unpaid				

Trial - 6d left

How to:

1. Open **Purchases**, choose the **Goods Received (GRN)** tab, click **New**.
2. Select the **vendor**, tick **Inter-state** if the vendor is in another state, and add the items with quantity, rate and GST.
3. Optionally record a **batch number & expiry** per line, then **Save**. Stock goes up automatically.
4. Tip: create a Purchase Order first and **convert** it to a GRN in one click when goods arrive.

Step 5 — Create a GST invoice

This is the heart of the software — raising a tax invoice for a client.

The screenshot shows a 'New document' form with the following sections:

- Client *:** A dropdown menu with 'Select...'.
- Date:** A date picker showing '11-06-2026'.
- Due date:** A date picker showing 'dd-mm-yyyy'.
- Reference / PO no:** An empty text field.
- Inter-state supply (IGST instead of CGST + SGST):** A checkbox that is currently unchecked.
- Item Table:**

ITEM / DESCRIPTION	QTY	RATE	DISC	TAX%	AMOUNT
— custom — Description Batch (optional)	1			0%	₹0.00
- Additional Charges / Discount:**
 - Charge label (e.g. Fre): Charge ₹
 - Discount ₹: 0.00
- Totals:**
 - Subtotal: ₹0.00
 - CGST: ₹0.00
 - SGST: ₹0.00
 - Grand Total: ₹0.00**
- Notes:** An empty text area.
- Grand total:** ₹0.00
- Buttons:** Cancel and Save.

How to:

1. Open **Sales** → **Invoices** → **New**.
2. Pick the **client**, set the **date** and optional due date / reference.
3. Add **line items** — choosing an item auto-fills its price & tax; set quantity, rate, discount and GST rate per line.
4. Optionally add **additional charges** (freight/packing) or an extra discount; totals (CGST/SGST or IGST, round-off, grand total) update live.
5. Click **Save**. Stock is reduced automatically and the invoice gets a unique number (e.g. INV/2025-26/0001).

Your professional GST invoice

Every invoice produces a clean, GST-compliant PDF you can email, print or share.

 Your data & files

All your data is stored locally on this computer. Back it up regularly (Settings → Backup). These shortcuts help you and our support team find the right files.

 Open data & backups folder

 Open logs folder

Tip: the full [User Guide PDF](#) was shipped with your installer. For step-by-step help, see the demo walkthrough in it.

How to:

1. Open **Help & Support** for the app version, your licence and **Machine ID**.
2. Reach SkyTech by email, phone or WhatsApp.
3. Use **Open data & backups folder** / **Open logs folder** if support asks for a file.

Free trial & activation

Every install includes a 14-day free trial with all features. After that, activate a licence to continue.

Activate

To activate a full license, share your **Machine ID** with us. We'll send a key bound to this computer.

robin@skytechdevelopments.com

+91 76318 69625

How to:

1. Open **License** and copy your **Machine ID**.
2. Send it to SkyTech (**robin@skytechdevelopments.com** / **+91 76318 69625**) with payment.
3. We send you a key bound to your computer — paste it and click **Activate**. It works offline, instantly.
4. Moving to a new PC? Click **Deactivate this device**, restore your backup on the new PC, and we issue a fresh key.

Quick FAQ & tips

- **Where is my data?** On this computer only, in your Windows user folder. Use Backups to keep copies safe.
- **It asks me to log in after reinstalling — is my data gone?** No. Reinstalling keeps your data; you simply sign in again.
- **Intra-state vs inter-state tax?** Set correct GST state codes; same state → CGST+SGST, different state → tick "Inter-state" for IGST.
- **Multiple staff?** Create users with roles so each person sees only what they need.
- **New computer?** Back up → install on the new PC → Restore → deactivate the old licence and activate the new key.
- **Lost password?** Use "Forgot password?" with your recovery code, or ask an admin to reset it.
